

**Notification of Release of the MREC and MHRA approved
UKALL 2003 Protocol Version 7
October 2009**

The amendment relates primarily to closure of the low risk randomisation. See the summary of changes document for details of other changes.

Summary of Actions Needed

1. If your centre already has LREC and R&D approval for UKALL 2003:

Principal Investigators – inform your R&D department of the amended protocol – please send them:

- a. UKALL2003 Protocol Version 7 August 2009
- b. MREC Amendment Documents – MREC Amendment Approval Letter and MREC Notification of Amendment Form
- c. MHRA approval letter
- d. Summary of Changes

2. If your centre has not yet applied for LREC or R&D approval for UKALL 2003:

Follow instructions for applying for Site Specific Assessment.

3. All documentation can be found on the Oxford CTSU web site, <http://www.ctsu.ox.ac.uk/projects/leuk/ukall2003/>

4. Please complete and return the attached acknowledgement of receipt of notification by fax to 01865 743986

Many Thanks for your support of UKALL 2003

**Acknowledgement of receipt of notification
UKALL 2003 Protocol Version 7
August 2009**

Centre Name:

Name of principal investigator:

**I have received the above notification and have forwarded
the relevant documentation to my R&D department.**

Signature:

Date:

Please return by fax to CTSU 01865 743986
